1 VOICE, SMS AND DATA CHARGES

All National & International Voice, SMS, MMS and Data will be charged as at the rates listed in the pricing tables listed in the appendices at the end of this document.

1.1 Voice Calls

When you make a call, we calculate the price between the time the call is answered and the time the call is terminated. We will charge in increments of 60 seconds, meaning that charges for a part of a minute call will be rounded up to a full minute and charged at our per minute rate. For example, if you make a 1min:44sec call, the charge will be calculated based on a 2min call.

1.2 SMS and MMS

SMS messages will be charged per standard text message rate. Standard text messages hold up to 160 characters – this can vary depending on your mobile phone. If you use more than your limit of characters in one message you will be charged for separate text messages and standard rates apply. For example, 165 characters will be charged as two separate messages.

MMS will be charged per standard message rate. Receiving both MMS and SMS in Australia is free of charge.

1.3 Data Usage

A session of data is measured between the start and end of a transaction between your mobile and your Internet destination. This includes websites and applications for smartphones. Handsets operate in different ways; for example, one handset may view numerous websites / applications as one session, while another may view each individual website / application as a separate session. Irrespective of which way or the number of sessions, you will be charged for the volume of data in each session.

For 4G services and 3G services, both uploads & downloads are counted towards data usage. Data is charged per KB (1 GB = 1024 MB, 1 MB = 1024 KB).

1.4 Yomojo Plans

Yomojo has numerous Mobile Plans, Mobile Broadband Plans and Home (Fixed) Wireless Broadband Plans on offer. Mobile Plans include bundled allowances of Voice, SMS, Data, and possibly International Voice. Mobile Broadband and Home Wireless Broadband Plans include an allowance of Data. All plans auto-renew unless cancelled.

Allowances are ‘charged’ in the same manner as standard usage however rather than a monetary cost, the balance of the allowance will be deducted by the volume of usage. For example, if you make a 1min:44sec call, the voice allowance balance will be reduced by 2 minutes. For “unlimited” allowances, the volume or duration is not relevant.

The Plans we offer, the amount or value of the included allowances, and the price of those Plans is constantly reviewed and updated. You will find information and pricing for each current Plan on our website, including the applicable Critical Information Summary (CIS) at <https://yomojo.com.au/cis>. You will find the CIS for previous Plans under the ‘Previous Plans’ section of the Critical Information Summaries webpage.

2 INTERNATIONAL ROAMING CHARGES

2.1 Overseas Voice, SMS, MMS, Data Charges

All outgoing & incoming Voice, SMS, MMS and data usage while outside of Australia will be charged at international roaming rates from the (roaming) country of origin to and from Australia. Flag fall (connection fee) and additional charges may apply while roaming, e.g. welcome SMS.

Roaming usage will be charged at the rates listed in [APPENDIX C](#). Roaming is turned OFF by default. It can be turned ON in your Account Settings.

Monthly Billing customers may hit their credit limit while roaming, especially with data turned on. This is to protect you from overspend and eliminate bill shock. Once your credit limit is reached, you will no longer be able to use your service.

After you have been roaming, it may take several months for all charges from your time overseas to appear on your bill.

2.2 Using Voicemail Overseas

To access your Voicemail from overseas, please contact us.

2.3 Voicemail Charges when Roaming

Access to Voicemail while outside of Australia will be charged at international roaming rates from the country of origin to Australia.

Important Roaming Notes:

Roaming is expensive! Please be aware of our roaming rates below or on our website prior to leaving Australia and turning roaming on. Yomojo and our network provider Optus makes no guarantee regarding the availability and quality of coverage or any other services while roaming on 3rd party networks.

3 ADDITIONAL CHARGES

3.1 Premium Mobile Number

You may wish to choose a number that is easy to remember, for example triple or more digits (777), or 4 sequential digits (1234). This option requires a fee upon a request of number.

Premium Number Fee: \$100.00 Per Number

3.2 Changing Your Number

There are a few reasons why people might want to change their mobile number e.g. offensive or harassing messages/calls.

If you report your issue to a relevant law enforcement agency, we will change your number free of charge. In other circumstances we reserve the right to charge for this process.

Fee to change your number: \$20 Per Event

3.3 Debit & Credit Card Transaction Fee

A transaction fee will be applied to all payments made using a credit or debit card. This includes any upfront payments, top-ups, monthly bill payments and any additional charges incurred. It is calculated as a percentage of the total amount per transaction.

Credit/Debit Card Fee Charged per transaction:

American Express 1.65%, Other cards 1.2%.

3.4 Late Payment Charges

When your bill has been generated, we will attempt to take a payment within 4 days. If we do not receive a payment from within this time, your service may be suspended until the outstanding charge has been paid.

We may charge a late payment fee if an invoice remains outstanding.

Late Payment Charge: \$15.00 Per Event

3.5 Collecting Agent Charges

There may be cases where we use an agent or debt collecting agency if you have a bill outstanding for an extended period of time. The fees which we incur in this process may be added to your bill.

Collecting Agent Charge: varies

3.6 SIM Card Replacement

In the case of a lost, damaged or stolen phone, you can request a new SIM card. This will cancel your old SIM. No charges will be made to your account for a replacement SIM.

Replacement SIM Card: Free

3.7 Billing History

Your recent usage history can be accessed at any point via your Yomojo Dashboard. If you wish to request information dated earlier than available online, you can do so by contacting us. We may charge for this service.

Billing History Fee: \$30.00 per request

3.8 FaceTime, iMessage & Apple Charges

3.8.1 FaceTime / iMessage

FaceTime calls and iMessages can be made through the iPhone using mobile data or when connected to a Wi-Fi modem. When FaceTime or iMessage are switched on, your device must send an international SMS to Apple as part of the registration process. This applies every time you deactivate and re-activate FaceTime / iMessage on your iPhone or iPad.

These services can be switched on and off through your device settings.

FaceTime / iMessage Registration Fee: The applicable international SMS rate

3.8.2 Apple Charges

Other Apple Services which require international SMS registration will incur a fee applicable to the international rate.

4.2 Data Bolt-Ons

Bolt-on	Standard Rate (incl GST)
1GB data	\$11.00
2GB data	\$20.00

Must be added to an existing plan data allowance and expires with that plan. Includes standard data usage within Australia.

4.3 International Voice Packs

Voice minutes	Standard Rate (incl GST)
50 minutes	\$5.00
100 minutes	\$10.00
200 minutes	\$20.00
300 minutes	\$30.00

Includes standard voice calls to international fixed line and mobile numbers to selected countries. The list of included countries may be amended from time-to-time.

Included countries:

Austria	Greece	Netherlands	Thailand
Bangladesh	Hong Kong	New Zealand	Turkey
Canada	Hungary	Pakistan	UK
Cambodia	India	Philippines	USA
Chile	Indonesia	Poland	Vietnam
China	Ireland	Singapore	
Croatia	Italy	South Africa	
France	Japan	South Korea	
Germany	Malaysia	Taiwan	

4 APPENDIX A: STANDARD PRICING

4.1 Standard Usage Charges

Call Type / Services	Standard Rate (incl GST)
